

Connecting people, information, and technology in *more valuable ways*

- Step One: What Do You See?
- Step Two: What Do You Think?
- Step Three: What Do You Wonder?
- How could students **notate their thoughts**?

How is working with individual images and then pooling the collective information useful in developing students' critical thinking and problem-solving skills?

What is the value of collective knowledge in developing individual prior knowledge?

Clothes on rack . Is rack made out of

Cracks or folds in image. How did it get damaged?

branches? How long has McClellan been at this site that he has

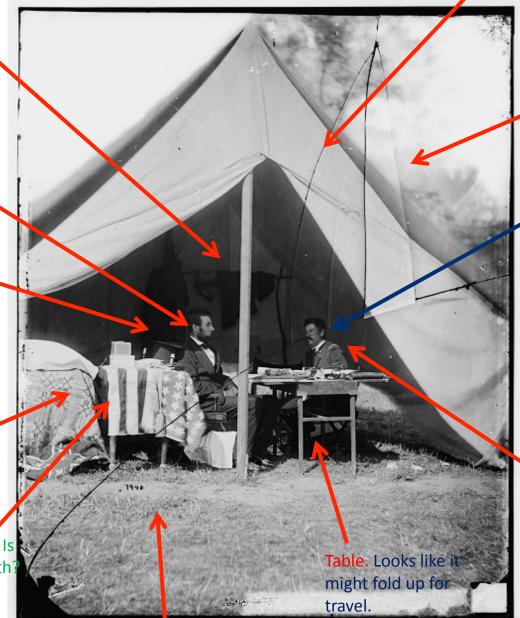

stuff hanging?

Tall man with beard in suit. It's Lincoln (the Web site said so). Why is the President at a battlefield? Where is his security team? Is he safe?

Top hat is upside-down. I think it's Lincoln's because he wore top hats a lot. Why is it upside-down?

Pillow and quilt Does the general sleep AND work here? Is he meeting the President in his BEDROOM?

U.S. Flag draped on table. Is it being used as a tablecloth? Why is it there? Seems disrespectful.

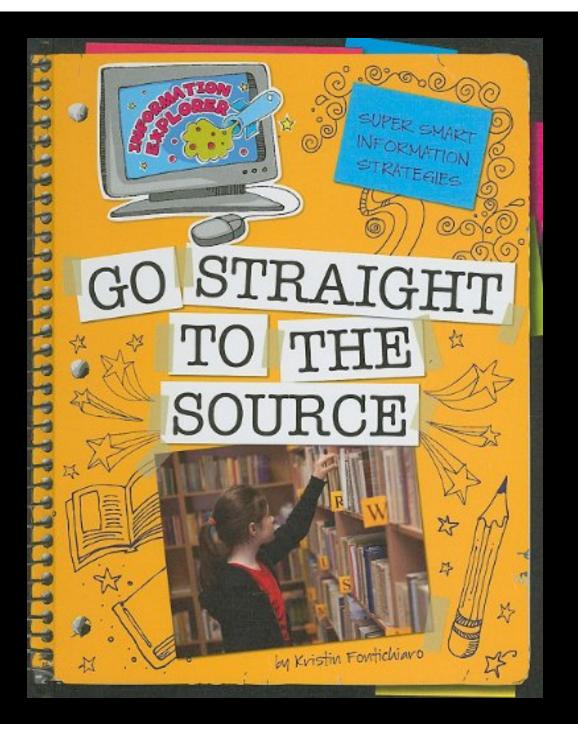

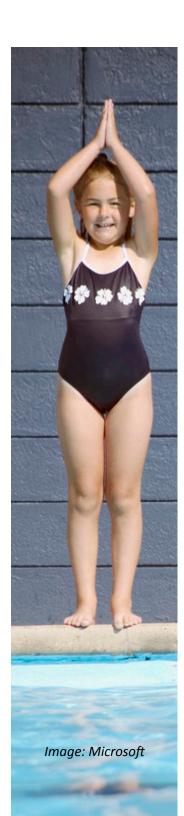

Tent. Tall ceiling! Why so big?

He doesn't have a beard, so he must have shaved recently. Is this a staged photo? Photos took a long time; people had to sit still, I think. They probably posed. Why?

General McClellan (learned from Web site) Who was he in the Civil War?

Grass. Not winter. Web site says Fall 1862 during Battle of Antietam. Did the Union win this battle? Which side is currently winning the war?
